Fall Happenings at Sleepy Hollow Academy

Back To School!

The 2012-2013 school year is well underway for the young ladies at Sleepy Hollow Academy. In fact, the first grading period just came to a close with **11 students on the High Honor Roll and 4 students making the Honor Roll**. The rigorous academic curriculum of core classes is complimented by Title I remedial lessons in both math and English.

The supplemental education is designed to ensure that each students academic capabilities match their current grade level.

Outpatient Drug & Alcohol Counseling

Students who participate in our licensed and accredited outpatient treatment program participate in group counseling at least twice per week, as well as individual sessions. Facilitated by Hannah Russell, Clinical Supervisor CADC, the program is based on the Hazelton curriculum. Any students who do not qualify for outpatient D&A treatment will automatically participate in Sleepy Hollow's drug and alcohol education program.

Sleepy Hollow Academy

THE ACADEMY SCHOOLS

OTJ Training at "Camp Old Navy"

Recently a group of our students had the opportunity to experience what it would be like to work in the retail field at the national clothing store, Old Navy. The day started with an introduction to the company and a new-hire orientation training video. The girls then participated in a team-building scavenger hunt. They also

created fashion and accessory demonstrations with store mannequins and had to present their models to the group. The day ended with the creation of collages of pictures taken throughout the event, as well as lunch. Each student who participated was given a keepsake Old Navy canvas bag filled with gifts.

Visits to Empire Beauty School

Sleepy Hollow Academy students have the opportunity to visit the Empire Beauty School on a monthly basis. Students learn proper hair and nail care techniques while receiving services.

Through the life skills curriculum, we stress the importance of self-esteem and personal hygiene which boosts self-confidence and pride.

Community Service Projects

Sleepy Hollow students regularly participate in local community service projects. In the past few months they volunteered their time at the Recreation Youth Football League games held in South Park & Finleyville. The girls were responsible for admissions, concessions and park clean-up after the games. They truly provide “service with a smile” to all the fans.

Enjoying Community Events and Sights

Students enjoyed the beautiful sights of the city from atop Mt. Washington on a late summer evening. In addition, 22 students attended a recent Pirate game against the Houston Astros at one of the city’s most impressive attractions, PNC Park.
